PRAYER

हम को मन की शक्ति देना, मन विजय करे
दूसरों की जय से पहले, खुदको जय करें...।।धृ।।

भेद–भाव अपने दिल से, साफ़ कर सकें
दोस्तों से भूल हो तो माफ कर सकें
झूठ से बचे रहें, सच का दम भरें ।
दूसरों की जय से पहले ।।१।।

मुश्किलें पड़े तो हम पर इतना कर्म कर,
साथ दे तो धर्म का चले जो धर्म पर
खुद पे हौसला रहे बदी से ना डरे ।
दूसरो की जय से पहले खुदको जय करें ।।२।।

हम को मन की शक्ति देना, मन विजय करें ।
दूसरों की जय से पहले खुदको जय करें ।
हम को मन की शक्ति देना ।

WE SHALL OVERCOME

We shall overcome, we shall overcome.

We shall overcome, someday

O deep in my heart, I do believe

We shall overcome, someday.

We shall live in peace, we shall live in peace.

We shall live in peace someday

O deep in my heart, I do believe

We shall live in peace someday.

We shall walk hand-in-hand

We shall walk hand-in-hand

We shall walk hand-in-hand someday

O deep in my heart, I do believe

We shall walk hand-in-hand someday

THERE SHALL BE SHOWERS OF BLESSINGS....

There shall be showers of blessings.

This is the promise of love.

There shall be seasons refreshing.

Sent from the savior above.

Showers of blessings, showers of blessings we need.

Mercy drops round us are falling, but for the showers we plead.

There shall be showers of blessings

If we but trust and obey

There shall be seasons refreshing

If we let God have his way

Subject - Business Studies (Code : 054)

GUIDELINES FOR TEACHERS AND STUDENTS:

Project work has been designed to allow students to appreciate that business in an integral component of society and help them develop an understanding of the social and ethical issues concerning them.

By means of project work the students are exposed to life beyond textbook giving them opportunities to refer material, gather information, analyse it further to obtain relevant information and analyse and evaluate the information collected and reflect on it.

This section provides some basic guidelines for the teachers to launch the projects in Business Studies. It is very necessary to interact, support, guide, facilitate and encourage students while assigning projects to them.

The teachers must ensure that the project work assigned to the students whether individually or in group are discussed at different stages right from assignment to drafts review and finalization. Students should be facilitated in terms of providing relevant materials or suggesting websites, or obtaining required permissions from business houses, malls etc. for their project.

The periods assigned to the Project Work should be suitably spaced throughout the academic session. The teachers MUST ensure that the students actually go through the rigors and enjoy the process of doing the project rather than depending on any readymade material available commercially.

The following steps might be followed:

1. Students must take any one topic during the academic session of Class XI.
2. The project may be done in a group or individually.

Guideline for Investigatory Project

The aim of the class project is to create something that is tangible and useful using Python/ Python and SQL connectivity. This should be done in groups of two to three students and should be started by students at least 6 months before the submission deadline. The aim here is to find a real world problem that is worthwhile to solve.

Students are encouraged to visit local business and ask them about the problems that they are facing. For example, if a business to finding it hard to create invoices for filling GST claims, then students can do a project that takes the raw data (list of transactions), groups the transactions by category, accounts for the GST tax rates, and creates invoices in the appropriate format. Students can be extremely creative here. They can used a wide variety of Python libraries to create user friendly applications such as games, software for their school, software for their disabled fellow students, and mobile applications, of course to do some of these projects, some additional learning is required; this should be encouraged. Students should know how to teach themselves.

The students should be sensitized to avoid plagiarism and violations of copyright issues while working on projects. Teachers should take necessary measures for this.

1. No chapter wise weightage. Care to be taken to cover all the chapters
2. Suitable internal variations may be made for generating various templates keeping the overall weightage to different form of questions and typology of questions same.

Choice(s):
There will be no overall choice in the question paper.
However, 33% internal choices will be given in all the sections.

INTERNAL ASSESSMENT	20 MARKS
Periodic Tests (Best 2 out of 3 Tests Conducted)	10 Marks
Mathematics Activities	10 Marks

Note: For activities NCERT Lab Manual may be referred

Conduct of Periodic Tests:

Periodic Test is a Pen and Paper assessment which is to be conducted by the subject teacher. The format of periodic test must have questions items with a balance mix, such as, very short answer (VSA), short answer (SA) and long answer (LA) to effectively assess the knowledge, understanding, application, skills, analysis, evaluation and synthesis. The subject teacher will have the liberty of incorporating any other types of questions too. The modalities of the PT are as follows:

a) **Mode:** The periodic test is to be taken in form of paper-pen test.

b) **Schedule:** In the entire Academic Year, three Periodic Tests in each subject may be conducted as follows:

Test	Pre Mid-Term (PT-I)	Mid-Term (PT-II)	Post Mid-Term (PT-III)
Tentative Month	July-August	November	December-January

This is only a suggestive schedule and schools may conduct periodic tests as per their convenience. The winter bound schools would develop their own schedule with similar time gaps between two consecutive tests.

c) **Average of Marks:** Once schools complete the conduct of all the three periodic tests, they will convert the weightage of each of the three tests into ten marks each for identifying best two tests. The best two will be taken into consideration and the average of the two shall be taken as the final marks for PT.

d) The school will ensure simple documentation to keep a record of performance

e) **Sharing of Feedback/Performance:** The students' achievement in each test must be shared with the students and their parents to give them an overview of the level of learning that has taken place during different periods. Feedback will help parents formulate interventions (conducive ambience, support materials, motivation and morale-boosting) to further enhance learning. A teacher, while sharing the feedback with student or parent, should be empathetic, non- judgmental and motivating. It is recommended that the teacher share best examples/performances with the class to motivate all learners.

Assessment of Activity Work:

Throughout the year any 10 activities shall be performed by the student from the activities given in the NCERT Laboratory Manual for the respective class (XI or XII) which is available on the link : http://www.ncert.nic.in/exemplar/labmanuals.html A record of the same may be kept by the student. An year end test on the activity may be conducted at the School Level.

The weightage are as under:

- The activities performed by the student through out the year and record keeping : 5 marks
- Assessment of the activity performed during the year end test : 3 marks
- Viva-voce : 2 marks

The observations could be on the basis of the different stages of division of work resulting to specialisation. Following instructions and accountability of subordinates to higher authorities. Visibility of order and equity in the unit. Balance of authority and responsibility.

Communication levels and pattern in the organisation. Methods and techniques followed by the organisation for unity of direction and coordination amongst all. Methods of wage payments followed. The arrangements of fatigue study. Derivation of time study. Derivation and advantages of method study. Organisational chart of functional foremanship. Any other identified in the organisation

It is advised that students should be motivated to pick up different areas of visit. As presentations of different areas in the class would help in better understanding to the other students. vii. The students may be encouraged to develop worksheets. Teachers should help students to prepare observation tools to be used for undertaking the project. Examples; worksheets, questionnaire, interviews and organisational chart etc.

III. Project Three: Stock Exchange The purpose of this project is to teach school students the values of investing and utilising the stock market. This project also teaches important lessons about the economy, mathematics and financial responsibility. This project will also guide the students and provide them with the supplies necessary to successfully monitor stock market trends and will teach students how to calculate profit and loss on stock.

The project work will enable the students to: understand the topics like sources of business finance and capital market understand the concepts used in stock exchange inculcate the habit of watching business channels, reading business journals/newspapers and seeking information from their elders. The students are expected to:

a) Develop a brief Report on History of Stock Exchanges in India. (Your country)

b) Prepare a list of at least 25 companies listed on a Stock Exchange.

c) **To make an imaginary portfolio totalling a sum of Rs. 50,000 equally in any of the 5 companies of their choice listed above over a period of twenty working days.** The students may be required to report the prices of the stocks on daily basis and present it diagrammatically on the graph paper. They will understand the weekly holidays and the holidays under the Negotiable Instruments Act. They will also come across with terms like closing prices, opening prices, etc. During this period of recording students are supposed to distinctively record the daily and starting and closing prices of the week other days under the negotiable instrument act so that they acquire knowledge about closing and opening prices. The students may conclude by identifying the causes in the fluctuations of prices. Normally it would be related to the front page news of the a business journal, for example, Change of seasons. Festivals. Spread of epidemic. Strikes and accidents Natural and human disasters.

Political environment. Lack of faith in the government policies. Impact of changes in government policies for specific industry. International events.

Contract and treaties at the international scene.

Relations with the neighbouring countries. Crisis in developed countries, etc. The students are expected to find the value of their investments and accordingly rearrange their portfolio.

The project work should cover the following aspects;

1. **Graphical presentation of the share prices of different companies on different dates.**
2. **Change in market value of shares due to change of seasons, festivals, natural and human disasters.**
3. **Change in market value of shares due to change in political environment/ policies of various countries/crisis in developed countries or any other reasons**
4. **Identify the top ten companies out of the 25 selected on the basis of their market value of shares. It does not matter if they have made profits or losses.**

Guideline for Investigatory Project

The aim of the class project is to create something that is tangible and useful using Python file handling / Python-SQL connectivity. This should be done in groups of two to three students and should be started by students at least 6 months before the submission deadline. The aim here is to find a real world problem that is worthwhile to solve.

Students are encouraged to visit local businesses and ask them about the problems that they are facing. For example, if a business is finding it hard to create invoices for filing GST claims, then students can do a project that takes the raw data (list of transactions), groups the transactions by category, accounts for the GST tax rates, and creates invoices in the appropriate format. Students can be extremely creative here. They can use a wide veriety of Python libraries to create user friendly applications such as games, software for their disabled fellow students and mobile applications, of course to do some of these projects, some additional learning is required; this should be encouraged. Students should know how to teach themselves.

The students should be sensitized to avoid plagiarism and violations of copyright issues while working on projects. Teachers should take necessary measures for this.

As finite hands fold in gratitude
And lip chant 'Om Saraswate..e...e Namah'
A new life force surges through the veins
And the fingers pulsate to compose.....
O! Goddess of learning!
Wisdom!
Aspiration!
Awareness!
And Dhyana! O! Saraswati;
Dwell in my being and flow in Thy pristine nectarine radiance
As compassion to inspire the travelers along the path
0! Saraswati the Goddess of learning, and knowing,
Wisdom and awareness too.
Thy form therefore, implies "the essence of the self,"
As the Creator of the universe.
SARASWATI VANDANA

हम को मन की शक्ति देना, मन विजय करे
दूसरों की जय से पहले, खुदको जय करें...।।धृ।।

साथ दे तो धर्म का चले जो धर्म पर
खुद पे हौसला रहे बदी से ना डरे ।

THERE SHALL BE SHOWERS OF BLESSINGS....

There shall be showers of blessings.

This is the promise of love.

There shall be seasons refreshing.

Sent from the savior above.

Showers of blessings, showers of blessings we need.

Mercy drops round us are falling, but for the showers we plead.

There shall be showers of blessings

If we but trust and obey

There shall be seasons refreshing

If we let God have his way

Continuous and Comprehensive Evaluation system for STD VI, VII, VIII

Dear Parents,

As per the CBSE guidelines the school will be following the Continuous and Comprehensive Evaluation system (CCE).

Introduction of this scheme is to nourish and nurture the many facets of the child's growth and to restore the happiness and joy of learning in the formative years of childhood.

The CCE scheme will help the learners to develop holistically in terms of personality by focusing on the co-scholastic aspects along with the scholastic aspects. It will also equip the students with life skills especially creative and critical thinking skills, social skills which will keep them in a good stead when they enter into a highly competitive environment in the future.

CCE scheme includes Formative and Summative Assessments.

Formative Evaluation: It is used to monitor learning progress during instruction and to provide continuous feedback to both pupil and teacher concerning learning successes and failures. It includes assessment of paper - pencil test, assignments, projects, class work, homework, practical work etc.

Summative Evaluation: The evaluation conducted at the end of an instructional segment is called summative evaluation. It is designed to determine the extent to which the instructional objectives have been achieved. It is usually used for assigning course grades or certification.

For the continuous and comprehensive evaluation, a two term evaluation pattern will be followed, which is spread over the academic year as under.

Term I (April - September)			Term II (October - March)		
FA-1 Formative Assessment - 1 (Apr - June) 10%	**FA-2 Formative Assessment - 2 (July - Aug) 10%**	**SA-1 Summative Assessment - 1 (September) 30%**	**FA-3 Formative Assessment - 3 (Oct - Dec) 10%**	**FA-4 Formative Assessment - 4 (Jan - Feb) 10%**	**SA-2 Summative Assessment - 2 (March) 30%**

As finite hands fold in gratitude
And lip chant 'Om Saraswate..e...e Namah'
A new life force surges through the veins
And the fingers pulsate to compose.....
O! Goddess of learning!
Wisdom!
Aspiration!
Awareness!
And Dhyana! O! Saraswati;
Dwell in my being and flow in Thy pristine nectarine radiance
As compassion to inspire the travelers along the path
0! Saraswati the Goddess of learning, and knowing,
Wisdom and awareness too.
Thy form therefore, implies "the essence of the self,"
As the Creator of the universe.
SARASWATI VANDANA

PRAYER

हम को मन की शक्ति देना, मन विजय करे
दूसरों की जय से पहले, खुदको जय करें...।।धृ।।

भेद–भाव अपने दिल से, साफ़ कर सकें
दोस्तों से भूल हो तो माफ कर सकें
झूठ से बचे रहें, सच का दम भरें ।
दूसरों की जय से पहले ।।१।।

मुश्किलें पड़े तो हम पर इतना कर्म कर,
साथ दे तो धर्म का चले जो धर्म पर
खुद पे हौसला रहे बदी से ना डरे ।
दूसरो की जय से पहले खुदको जय करें ।।२।।

हम को मन की शक्ति देना, मन विजय करें ।
दूसरों की जय से पहले खुदको जय करें ।
हम को मन की शक्ति देना ।

WE SHALL OVERCOME

We shall overcome, we shall overcome.

We shall overcome, someday

O deep in my heart, I do believe

We shall overcome, someday.

We shall live in peace, we shall live in peace.

We shall live in peace someday

O deep in my heart, I do believe

We shall live in peace someday.

We shall walk hand-in-hand

We shall walk hand-in-hand

We shall walk hand-in-hand someday

O deep in my heart, I do believe

We shall walk hand-in-hand someday

THERE SHALL BE SHOWERS OF BLESSINGS....

There shall be showers of blessings.

This is the promise of love.

There shall be seasons refreshing.

Sent from the savior above.

Showers of blessings, showers of blessings we need.

Mercy drops round us are falling, but for the showers we plead.

There shall be showers of blessings

If we but trust and obey

There shall be seasons refreshing

If we let God have his way

काँपे शत्रु देख कर मन में ।
मिट जावे भय संकट सारा ।
झण्डा ऊँचा....।।२।।

इस झण्डे के नीचे निर्भय ।
ले स्वराज यह अविचल निश्चय ।
बोलो भारत माता की जय ।
स्वतन्त्रता ही ध्येय हमारा ।
झण्डा ऊँचा....।।३।।

आओ प्यारे वीरों आओ ।
देश धर्म पर बली–बली जाओ ।
एक साथ सब मिलकर गाओ ।
प्यारा भारत देश हमारा ।
झण्डा ऊँचा....।।४।।

शान न इसकी जाने पाए ।
चाहे जान भले ही जाए ।
विश्व विजय कर के दिखलाए ।
तब होवे प्रण पूर्ण हमारा ।
झण्डा ऊँचा....।।५।।

ऐ मालिक तेरे बन्दे हम

ऐ मालिक तेरे बन्दे हम ।

ऐसे हों हमारे करम ।

नेकी पर चलें और बदी से डरें ।

ताकि हँसते हुए निकले दम ऐ ..... ।।धृ।।

ये अन्धेरा घना छा रहा ।

तेरा इन्सान घबरा रहा ।

हो रहा बेखबर कुछ न आता नजर ।

सुख का सूरज छिपा जा रहा ।

हे तेरी रोशनी में जो दम ।

तू अमावस को कर दे पूनम ।

नेकी पर चलें और बदी से डरें ।

ताकि हँसते हुए निकले दम ऐ ..... ।।१।।

जब जुल्मों का हो सामना ।

तब तू ही हमें थामना ।

वो बुराई करें हम भलाई करें ।

नहीं बदले की हो कामना ।

बढ़ उठे प्यार का हर कदम ।

और मिटे बैर का यह भरम ।

नेकी पर चलें और बदी से डरें ।

ताकि हँसते हुए निकले दम ऐ ..... ।।२।।

Continuous and Comprehensive Evaluation System for STD I & II

Dear Parents,

As per the CBSE guidelines the school will be following the Continuous and Comprehensive Evaluation system (CCE).
Introduction of this scheme is to nourish and nurture the many facets of the child's growth and to restore the happiness and joy of learning in the formative years of childhood.

The CCE scheme will help the learners to develop holistically in terms of personality by focusing on the co-scholastic aspects along with the scholastic aspects. It will also equip the students with life skills especially creative and critical thinking skills, social skills which will keep them in a good stead when they enter into a highly competitive environment in the future.
CCE scheme includes Formative and Summative Assessments.
Formative Assessments: It is used to monitor learning progress during instruction and to provide continuous feedback to both pupil and teacher concerning learning successes and failures. It includes assessment of paper - pencil test, assignments, projects, class work, homework, practical work etc.
Summative Assessments: The evaluation conducted at the end of an instructional segment is called summative assessments. It is designed to determine the extent to which the instructional objectives have been achieved. It is usually used for assigning course grades or certification.
For the continuous and comprehensive evaluation, a three term evaluation pattern will be followed, which is spread over the Academic Year as under.
(A) Term I - April to August
(B) Term II - September to November
(C) Term III - December to March
The students will get their Achievement Record after each term. The students will be evaluated in the following learning skills.

As finite hands fold in gratitude
And lip chant 'Om Saraswate..e...e Namah'
A new life force surges through the veins
And the fingers pulsate to compose.....
O! Goddess of learning!
Wisdom!
Aspiration!
Awareness!
And Dhyana! O! Saraswati;
Dwell in my being and flow in Thy pristine nectarine radiance
As compassion to inspire the travelers along the path
0! Saraswati the Goddess of learning, and knowing,
Wisdom and awareness too.
Thy form therefore, implies "the essence of the self,"
As the Creator of the universe.
SARASWATI VANDANA

PRAYER BEFORE EXAM

Oh Lord !
Be with me as I take this exam.
Keep my mind alert and my memory sharp.
Calm my nerves and help me to concentrate.
I know that you walk with me,
Guiding my path and inspiring my heart.
I pray that I would feel you with me,
And that your presence would soften the pressure I feel.
I pray that I would pass this exam and go on to achieve success.
Thank you for your peace and your love in my life.
Thank you for your kindness and care for me.

PRAYER

हम को मन की शक्ति देना, मन विजय करे
दूसरों की जय से पहले, खुदको जय करें...।।धृ।।

भेद–भाव अपने दिल से, साफ़ कर सकें
दोस्तों से भूल हो तो माफ कर सकें
झूठ से बचे रहें, सच का दम भरें ।
दूसरों की जय से पहले ।।१।।

मुश्किलें पड़े तो हम पर इतना कर्म कर,
साथ दे तो धर्म का चले जो धर्म पर
खुद पे हौसला रहे बदी से ना डरे ।
दूसरो की जय से पहले खुदको जय करें ।।२।।

हम को मन की शक्ति देना, मन विजय करें ।
दूसरों की जय से पहले खुदको जय करें ।
हम को मन की शक्ति देना ।

WE SHALL OVERCOME

We shall overcome, we shall overcome.

We shall overcome, someday

O deep in my heart, I do believe

We shall overcome, someday.

We shall live in peace, we shall live in peace.

We shall live in peace someday

O deep in my heart, I do believe

We shall live in peace someday.

We shall walk hand-in-hand

We shall walk hand-in-hand

We shall walk hand-in-hand someday

O deep in my heart, I do believe

We shall walk hand-in-hand someday

THERE SHALL BE SHOWERS OF BLESSINGS....

There shall be showers of blessings.

This is the promise of love.

There shall be seasons refreshing.

Sent from the savior above.

Showers of blessings, showers of blessings we need.

Mercy drops round us are falling, but for the showers we plead.

There shall be showers of blessings

If we but trust and obey

There shall be seasons refreshing

If we let God have his way

As finite hands fold in gratitude
And lip chant 'Om Saraswate..e...e Namah'
A new life force surges through the veins
And the fingers pulsate to compose.....
O! Goddess of learning!
Wisdom!
Aspiration!
Awareness!
And Dhyana! O! Saraswati;
Dwell in my being and flow in Thy pristine nectarine radiance
As compassion to inspire the travelers along the path
0! Saraswati the Goddess of learning, and knowing,
Wisdom and awareness too.
Thy form therefore, implies "the essence of the self,"
As the Creator of the universe.
SARASWATI VANDANA
